# Key - Feed (Officer)

The screenshot displays the CJN (Criminal Justice Network) interface. At the top, there is a header with the CJN logo and user information: "Welcome Matt | Preferences | Log Out". Below this is a navigation bar with "eBriefing", "eForms", "Administration", "Schedule", and "Notifications". A secondary navigation bar shows "MY FEED / CREATE BRIEF / MY DRAFTS / NOTIFICATIONS". The main content area features an interactive map of St. Paul, Minnesota, with several red location pins. Below the map is a list of incident reports, each with a "ROLL CALL ITEM" tag and a "FIELD INTERVIEW" tag. The interface includes a "CREATE NEW BRIEF" button, a "SHOW HIDDEN ITEMS (3)" link, and a "TOTAL ITEMS (5)" indicator. A "Filters" sidebar is visible on the left, with sections for "AGENCIES", "DATES", and "TAGS". The "TAGS" section includes options like "ROLL CALL ITEMS", "STOLEN-SUSPICIOUS VEHICLE", "AREA ASSIGNMENT", "ATTEMPT TO LOCATE", "CAD", "CAREER CRIMINAL", "DISPATCH", "EXTRA PATROLS", "FIELD INTERVIEW", "INTELLIGENCE", "ISP ROSTER", "ISR ROSTER", "OTHER", "PARKING", "PREDATORY OFFENDER", "PC PICKUP & HOLD", and "WARRANT". Each incident report card includes fields for "AREA ASSIGNMENT", "DATE CREATED:", and "LOCATION:", along with a "VIEW DETAILS" button and a "HIDE FROM FEED" link.

SUBMIT BRIEF

# Sub Navigation

My Feed:  
This tab corresponds to the landing screen. This is where all briefing items can be viewed, filtered, and visualized on the map.

Create Brief:  
This tab will open the "Create Brief" modal.

My Drafts:  
This tab will open the "My Drafts" screen which will contain a list of incomplete drafts of briefs.

Notifications:

- For officer view, this tab will lead to a screen where the user will be able to view briefs that are pending their supervisor's decision.
- For a supervisor, this tab will lead to a screen where the user will see a list of briefs that are pending their decision (approval, rejection, or resolution).

# My Feed Overview (Officer)

**Interactive Map:**  
This map will adjust per the agency/area checked in the category section of the filter sidebar.

**Pin:**  
The location of the pin will correspond to the first relevant location that was entered for each brief item. The pin will light up when the user hovers on the corresponding brief. In addition, an abbreviated label for the associated incident tag will also appear next to the highlighted pin.

**Brief Preview Box:**  
Hovering over the brief preview box will prompt the corresponding pin in the map to light up.

**Sort:**  
The feed will automatically sort the briefs so the most recently created items will be at the top. However, the user can reverse this order by toggling between the "Newest" and "Oldest" link.

The screenshot displays the 'My Feed Overview' interface for an officer. At the top, the CJN logo and user information 'Welcome Matt | Preferences | Log Out' are visible. Below this is a navigation bar with options like 'Home', 'eBriefing', 'eForms', 'Administration', 'Schedule', and 'Notifications'. A secondary bar shows 'MY FEED / CREATE BRIEF / MY DRAFTS / NOTIFICATIONS'. The main content area is split into two parts: an interactive map on the left showing St. Paul, MN, with several red location pins, and a list of brief items on the right. The list is sorted by 'NEWEST' and contains five items, each with a preview box. The preview boxes include a title (e.g., 'AREA ASSIGNMENT'), a description ('This is where an officer would include narrative details regarding breifing items'), and a 'VIEW DETAILS' button. A sidebar on the left provides filters for 'AGENCIES', 'DATES' (Today, This Week, This Month), and 'TAGS' (Area Assignment, Dispatch, Field Interview, etc.).

# My Feed - Filter Side Bar

## Show Hidden Items:

Reveals all brief preview boxes that had been hidden from the feed when user selected "Hide From Feed" button.

## Agencies Filter Category:

This section will list all the counties and associated agencies that use the CJN eBriefing system.

## Areas Filter Category:

This section shows sub-jurisdictions of the selected agencies. For example, when St. Paul is selected under Ramsey County, "Areas" will show West St. Paul, Central St. Paul, East St. Paul, etc.

## Dates Filter Category:

This section allows users to quickly filter items that have been created today, this week, or this month. However, users can also filter a specific date range by selecting dates in the "From" and "To" fields.

## Roll Call Tag Filter

This section filters the items that have been marked as roll call by the supervisor.

## Incident Tag Filter Category

- This allows users to quickly select and filter brief items by incident tags.
- There will be sixteen incident tags that correspond to the sixteen eBrief topics present in the current system.
- There will also be a "roll call items" tag. This tag will filter and show briefing items that have been marked by the supervisor as a roll call item.

## Create New Brief:

This button will open the "create brief" tab and display the modal to start a new brief.

Displays the number of briefs that the user has filtered.

Each filter category name is shown in capital letters. The sub filter categories can be viewed by expanding the box by clicking (+).

The area within the filter category will be scrollable (if necessary) to show all sub filter category items.

# My Feed - Brief Preview Box

First column of the brief preview box:  
Shows all relevant tags for the brief (i.e. the sixteen incident tags, "roll call item" tag, "alert" tag, "use caution" tag).

Second column of the brief preview box:  
Shows a description populated from the narrative that was inputted when the brief item was created.

Third column of the brief preview box:  
Shows basic information in terms of when the brief was created and the first relevant location, person, or vehicle info that was inputted when the brief was created.

Fourth column of the brief preview box:  
Shows the first image that was uploaded when the brief was created.

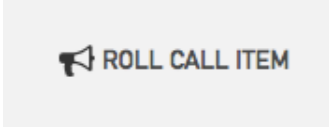

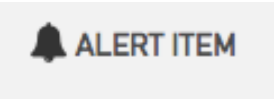

Fifth column of the brief preview box:  
Contains the "View Details" button and "Hide From Feed" link.

Main Tag:  
This is the type of the incident tag (16 options) that was selected when the brief was created (it would be possible to have more than one incident tag).

View Details Button:  
This will open the brief modal for this item.

Hide From Feed:  
Hides the brief preview box from the feed. To reverse this action, the user can hit the "show hidden items" button.

Roll Call Tag:  
This icon indicates that this brief was marked as a roll call item by the supervisor. The roll call tag will always override the alert tag on a brief.

Alert Tag:  
This icon will appear when the brief is sent as an alert item to a different agency or individual. All brief items with this tag will appear at the top of the user's feed. If the same item is marked as roll call by a supervisor, the alert tag will be replaced with the roll call tag.

Use Caution Tag:  
This icon will appear when the brief is flagged as "use caution" when the brief was created.

Roll Call Toggle (supervisor view only):  
This toggle will only appear on the supervisor view. This will allow a supervisor to mark a brief as a roll call item.

# View Brief Modal - Basic Info Tab

Quick Brief:  
This section/screen will only show the information that was inputted in the "basic info" portion of the create brief modal.

Comment:  
Officers will be able to add comments regarding the brief. A possible model for how this could work is Facebook's commenting system.

Black Toyota Corolla was stolen from Harmon Park on Friday evening. Owner of the vehicle believes car was stolen between 10pm - 11pm.

COMMENTS

Hayes, Sharyl 10-10-17

Checked the spouses address, was not able locate suspect, but I will keep an eye on this address thanks for the alert.

POST

RESOLVE

EXIT

Sent to sergeant for approval

Picture:  
Ideally, user would be able to scroll through multiple pictures if the creator of the brief uploaded more than one picture.

Resolve:  
Officers will be able to resolve a brief if it no longer needs to be on their agency's feed. If an officer clicks on "resolve," the verbiage for this button will change to "pending" until the supervisor officially resolves the case on their end. User will also receive feedback pop-up as a notification depending on the agency setting (see below).

Edit (not pictured):  
User would have the ability to edit the existing brief. Button would be placed on the bottom right area.

Print (not pictured):  
User would have the option to print a concise one page document.

# Create Brief Modal - Basic Info Tab

Associated Case Number :

User can input case number for a quick search of existing records. Possible feature would be to auto-fill remaining fields per search results.

Required Fields:

- The fields marked with an orange asterisk will be required. However, most fields will not be required for officer to submit the brief.
- For certain tags that are chosen (e.g. field interviews or PC pickup and hold) the additional questions and fields that are required will populate at the bottom of the modal

Incident Tags:

If a brief can be classified by more than one incident tag, the user has the option to mark multiple items.

Relevant Person:

The user can leave this field as "relevant person." However, if applicable, they can select a specific classifications from the dropdown (i.e. suspect, victim, witnesses).

Relevant Location:

The user can leave this field as "relevant location." However, if applicable, they can select a specific classification from the dropdown (i.e. home address, last seen location).

Exit:

Attempting to close the modal will prompt a pop-up asking whether the user would like to cancel the brief or save the brief as a draft.

Add:

User will be able to add multiple "relevant persons" or "relevant locations."

Submit Brief:

This will submit the brief and post it on the user's agency's feed. User will receive feedback (see below).

Narrative:

All narrative notes should be entered into this one text field. This also includes the rational for checking the case as "use caution."

Use Caution Check Box:

Checking this will mark the brief with the "use caution" tag. Rational for marking this should be entered into the narrative.

Image Upload:

User will be able to upload a photo here that will appear on the preview brief. Ideally, it would allow multiple photo uploads.

SAVE SUBMIT BRIEF

**Vehicle Search Bar:**  
User can input plate/VIN number for a quick search of existing records. Possible feature would be to auto-fill remaining fields per search results.

**Additional Fields:**  
Creator of the brief is able to pick and choose what information to provide for the vehicle. If the incident tag is vehicle related, the basic vehicle information will appear in the fourth column of the brief preview on the "My Feed" screen.

**Green Check:**  
This green check signifies that all required items in the tab have been completed.

**Additional Questions:**  
This area contains additional vehicle-specific questions that are optional. The current wireframe contain YES/NO boxes. A suggestion would be to have a single check box instead.

**Save:**  
Ideally, brief will auto save but having a "save" button will be reassuring to the user. When user hits this button, they will be directed to the "basic info" tab.

# Create Brief Modal - Alert Tab

**Alert:**  
This section will allow the user to select which agencies they would like to send a special alert to. When an agency is sent a brief with a special alert, the brief will appear at the top other feed with the "alert" tag.

**Officers:**  
This section will allow the user to select specific officers in a certain agency, and have the brief show up automatically at the top of the specified officer's feed. The user can search the officer by agency and add multiple individuals. Once added, the officer's name will be listed under "Added Officers"

**Make Available To:**  
This section will allow the user to select which agencies they will make their briefs available to. All agencies will be nested within the expandable box that is labeled with the county name. This section should already be pre-filled per the agencies the admin selects in the system presets.

The screenshot shows the 'CREATE NEW BRIEF' modal in the CJN system. The modal is titled 'CREATE NEW BRIEF' and has a close button (X) in the top right corner. It is divided into several sections:

- Basic Info:** A sidebar on the left with tabs for 'Basic Info', 'Vehicle', and 'Alerts' (selected).
- Make Available To:** A section with two columns of agency checkboxes under 'ANOKA' and 'DAKOTA'. To the right are buttons for '+ HENNEPIN', '+ RICE', '+ STATE', '+ RAMSEY', '+ ST LOUIS', and '+ STEELE'.
- Alert:** A section identical to 'Make Available To'.
- Officers:** A section with an 'Agency' dropdown (set to 'E. St. Paul') and a 'Name' search box (containing 'Mackintosh Ted'). There is an 'ADD NEW' button and a search icon. To the right is an 'Added Officers' list showing 'Mackintosh, Ted' with a remove icon (X).
- Buttons:** 'SAVE' and 'SUBMIT BRIEF' buttons are located at the bottom right of the modal.

**Submit Brief:**  
This will submit the brief and post it on the user's agency's feed. If the brief will require supervisor approval, the user will receive a notification via feedback pop-up (see below).

YOUR BRIEF HAS BEEN CREATED  
Your alert has been sent to your sergeant for approval

<a href="#">VIEW DRAFT</a>	2017-08-31	Attempt to Locate	Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam nonummy nibh euismod tincidunt ut laoreet dolore magna aliquam erat volutpat. Ut wisi enim ad minim veniam, quis nostrud

My Drafts:  
This tab will house all incomplete draft items.

View Drafts:  
Clicking this button will open the incomplete "create brief" modal. From here, the user will be able to continue editing the brief.

# Notification (Supervisor View)

## Notification Number:

The notification number in the orange circle will correspond to the number of briefing items that are pending for supervisor approval.

## Quick View:

The box at the top of the page will be a quick overview of the number of briefing items that are pending approval. This box would not be clickable.

## Pending Resolution:

Once an officer resolves a case on their end, the brief will appear in the supervisors "pending resolution" section. The supervisor can resolve and complete the case.

## See All Completed Briefs:

This link will direct the user to a complete list of all briefs that have been processed by this supervisor. The user can go to this screen if they want to check back on an item they previously processed beyond 30 days.

## Notification Preferences Link:

Clicking this will direct the user to a screen allowing supervisor to change presets in regards to the notification system.

## Recently Completed Briefs (last 30 days):

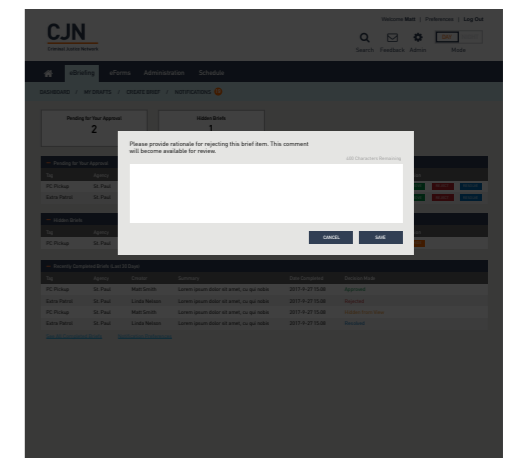

This section will provide the supervisor a quick list of completed cases if they want to reference or remember recent briefs they made a decision on.

## Pending Approval:

- This box would be expandable. This section will list all briefing items that need approval by a supervisor before they can appear as an alert item in a different agency's feed (depending on agency settings). The supervisor will be able to click on the whole row to open the view brief modal and see additional details.
- Supervisor can choose to select "approve" or "reject" under the "decision" column.
- Selecting "approve" will move the item out of the "pending approval" section and into the "recently completed briefs" section. User will also receive feedback that this action was successfully performed.
- Selecting "reject" will open a modal that will prompt the supervisor to input a rationale for the rejection. They can then submit and complete the brief. The officer who created the brief will be notified that the case was rejected. The item will then be moved to the "recently completed briefs" section.

## Rejection Rational Modal:

This modal will appear when a supervisor clicks the "reject" button on a submitted brief. Once this information has been entered and saved, the rationale for rejecting the brief will appear in the officer view's notification tab for review.

# Notification (Officer View)

Notification Number:  
The number in the orange circle corresponds to the number of briefing items that are pending for supervisor approval and the number of briefing items that have been rejected by the supervisor.

Quick View:  
The two boxed items at the top of the page will be a quick overview of briefing items. The combination of the items in both boxes will equal the number in the orange circle. These boxes would not be clickable

Pending Approval  
In this section, the officer will be able to view the status of the brief they created which will require supervisor approval.

Rejected by Supervisor  
In this section, the officer will be able to view the briefing items that have been rejected by their supervisor. These items will be reviewable to the officer who created the case. When a brief modal is opened, the officer can see the rational for the rejection.

Recently Completed Briefs (last 30 days):  
This section will provides the officer with a quick list of completed cases if they want to reference or remember recent briefs they worked on or was recently resolved by another officer.

See All Completed Briefs:  
This link will direct the user to a complete list of all briefs that have been processed. The user can go to this screen if they want to check back on an item they previously processed beyond 30 days.

Notification Preferences Link:  
Clicking this will direct the user to a screen allowing supervisor to change presets in regards to the notification system .

The screenshot shows a web application interface for 'eBriefing'. At the top, there is a navigation bar with 'eBriefing', 'eForms', 'Administration', and 'Schedule'. Below this is a breadcrumb trail: 'MY BRIEFS / MY DRAFTS / CREATE BRIEF / NOTIFICATIONS 1', where '1' is in an orange circle. The main content area features three summary boxes: 'Pending Approval' with the number '2', 'Rejected by Supervisor' with the number '1', and 'Recently Completed Briefs (Last 30 Days)'. Below these are three tables. The first table, 'Pending Approval', has columns for Tag, Agency, Creator, Summary, Active, Expires, and Status, with two rows of 'Pending' items. The second table, 'Rejected by Supervisor', has the same columns, with one row of 'Rejected' items. The third table, 'Recently Completed Briefs (Last 30 Days)', has columns for Tag, Agency, Creator, Summary, Date Completed, and Decision Made, with four rows of items with statuses 'Approved', 'Rejected', and 'Resolved'. At the bottom, there are two links: 'See All Completed Briefs' and 'Notification Preferences'.
